

Funding Parameters for Breast Prosthesis

If you have private insurance you may have coverage for breast prosthesis. Call your private insurance provider to inquire what your plan covers in terms of breast prosthetics and garments.

ALBERTA

- Full breast prosthesis, partial breast prosthesis and fitter fees for eligible clients are funded through Alberta Aids to Daily Living (AADL) Cost-share program. Must be purchased through a manufacturer that is on the list of approved manufacturers. The quantity and frequency for each breast prosthesis is every 3 years. Download [AADL Manual](#).
- Patients are required to pay 25% of the cost of the program benefits or up to \$500 per family per benefit year. Patients can apply for exemptions [here](#)

BRITISH COLUMBIA

- PharmaCare covers prostheses following mastectomy from an approved provider.
- One every 2 years is covered or at the end of the manufacturer's warranty.
- A maximum of \$450 is covered for a mastectomy or \$350 for a lumpectomy.
- For more information visit the [PharmaCare website](#).

MANITOBA

- Has a formalized Manitoba Breast Prosthesis Program to help women cover the cost of their breast prosthesis.
- Prosthesis must be purchased from an approved vendor
- Two options are available:
 - Option 1: a benefit every 2 years of up to \$400 for one prosthesis for single mastectomy; up to \$400 per prosthesis for a total of 2 prostheses for a double mastectomy; up to \$50 for one bra.
 - Option 2: a benefit every 4 years of up to \$800 per prosthesis for a single mastectomy; up to \$800 per prosthesis to a total of 2 for a double mastectomy; up to \$100 for one bra
- For more information visit the [Manitoba Breast Prosthesis Program](#).

NEW BRUNSWICK

- Eligible once every 2 years, there is no cost to eligible clients
- For more information visit the Government of [New Brunswick Health Services](#) website .
